SUPPLEMENTARY INFORMATION: In the *Federal Register* of Thursday, August 13, 2020, (85 FR 49240), FDA published the final rule “Food Labeling; Gluten-Free Labeling of Fermented or Hydrolyzed Foods” with a typographical error in the SUMMARY section. In addition, the rule was published with two different effective dates.

In FR Doc. 2020-17088, appearing in the *Federal Register* of Thursday, August 13, 2020, the following corrections are made:

On page 49241, in the first column, the second sentence is corrected to read as follows:

“These requirements are needed to help ensure that individuals with celiac disease are not misled and receive truthful and accurate information with respect to fermented or hydrolyzed foods labeled as ‘gluten-free.’”

On page 49254, in section VI. Effective and Compliance Dates, in the first column, the first sentence is corrected to read as follows: “This rule is effective October 13, 2020.” This confirms the rule is effective October 13, 2020, and is consistent with the effective date stated earlier on page 49241.

Dated: August 31, 2020.
